INTRODUCED AS NONCONTROVERSIAL RESOLUTION UNDER RULE 35,
FEBRUARY 14, 2008

A RESOLUTION

1 Recognizing the week of February 17 through 23, 2008, as
2 "Engineers' Week" in Pennsylvania.

3 WHEREAS, Engineers are highly trained professionals who
4 utilize their scientific knowledge and technical skills in
5 creative and innovative ways to fulfill the essential needs and
6 specific interests of our society; and

7 WHEREAS, These dedicated professionals face the major
8 technological challenges of our time, such as rebuilding towns
9 devastated by natural disasters, cleaning up and reclaiming our
10 environment and assuring safe, clean and efficient sources of
11 energy; and

12 WHEREAS, There are many different types of engineering
13 specialties, including agricultural, mechanical, industrial and

1 chemical engineering, all of which serve a vital role in the
2 everyday lives of all residents of this Commonwealth; and

3 WHEREAS, Professional engineers remain dedicated to investing
4 in our future, from designing information systems that will
5 propel our nation to unprecedented success in the 21st century,
6 to encouraging young mathematics and science students to realize
7 the practical power of their knowledge; and

8 WHEREAS, Citizens and communities look to our knowledgeable
9 and skilled engineers to meet the challenges of tomorrow as the
10 vast possibilities of the future unfold before us; therefore be
11 it

12 RESOLVED, That the House of Representatives recognize the
13 week of February 17 through 23, 2008, as "Engineers' Week" in
14 Pennsylvania.
