PRINTER'S NO. 1652

THE GENERAL ASSEMBLY OF PENNSYLVANIA

SENATE BILL

No. 400

Session of 2011

INTRODUCED BY FERLO, TARTAGLIONE, FONTANA, SCHWANK, WASHINGTON, HUGHES, KITCHEN AND FARNESE, OCTOBER 12, 2011

REFERRED TO BANKING AND INSURANCE, OCTOBER 12, 2011

AN ACT

1 Providing for a Statewide comprehensive health care system;
2 establishing the Pennsylvania Health Care Plan and providing
3 for eligibility, services, coverages, subrogation,
4 participating providers, cost containment, reduction of
5 errors, tort remedies, administrative remedies and
6 procedures, attorney fees, quality assurance,
7 nonparticipating providers, transitional support and
8 training; and establishing the Pennsylvania Health Care
9 Agency, the Employer Health Services Levy, the Individual
10 Wellness Tax, the Pennsylvania Health Care Trust Fund and the
11 Pennsylvania Health Care Board and providing for their powers
12 and duties.

7 CHAPTER 1

8 PRELIMINARY PROVISIONS

9 Section 101. Short title.
10 This act shall be known and may be cited as the Family and
11 Business Healthcare Security Act.
12 Section 102. Definitions.
13 The following words and phrases when used in this act shall
14 have the meanings given to them in this section unless the
15 context clearly indicates otherwise:
16 "Agency." The Pennsylvania Health Care Agency established
17 under this act.
18 "Board." The Pennsylvania Health Care Board established
19 under this act.
20 "Certificate of need." A notice of approval issued by the
21 Department of Health under the provisions of the act of July 19,
22 1979 (P.L.130, No.48), known as the Health Care
23 Facilities Act, including those notices of approval issued as an
24 amendment to an existing certificate of need.
25 "Chair." The Chair of the Pennsylvania Health Care Board.
26 "Department." The Department of Health of the Commonwealth.
27 "Executive director." The Executive Director of the
28 Pennsylvania Health Care Agency.
29 "Fund." The Pennsylvania Health Care Trust Fund established
30 under this act.

"Individual Fair Share Health and Wellness Tax." The Individual Fair Share Health and Wellness Tax established under this act.

"Ombudsman." The Pennsylvania Health Care Ombudsman established under this act.

"Plan." The Pennsylvania Health Care Plan established under this act.

"Tax." The Employer Fair Share Health and Wellness Tax established under this act.

CHAPTER 3
ADMINISTRATION AND OVERSIGHT OF THE PENNSYLVANIA HEALTH CARE PLAN

SUBCHAPTER A
PENNSYLVANIA HEALTH CARE BOARD

Section 301. Organization.

(a) Composition.--The Pennsylvania Health Care Board shall be composed of 12 voting members. The chair shall preside over the board and shall set the agenda but may vote only in the event of a tie vote.

(b) Appointments.--

(1) The board shall consist of 12 members to be appointed by the Governor by and with the advice and consent of a majority of all the members of the Senate from individuals representative of each of the following constituencies and reflective of the diversity of this Commonwealth:

(i) Three patients or caregivers of patients who experience the health care system daily. These members must be geographically diverse, knowledgeable about health issues and represent the following categories:

(A) A caregiver of a child with a chronic illness or developmental disability.

(B) An adult with a chronic illness or physical disability.

(C) An adult with mental illness requiring medications.

(ii) A physician.

(iii) A hospital representative.

(iv) A long-term care representative.

(v) A health care attorney.

(vi) Health care informatics.

(vii) A small business representative.

(viii) A large business representative.

(ix) An organized labor representative from the health sector.

(x) Public health.

(2) Appointed board members shall take the oath of office prior to serving on the board and may be removed only for cause under subsection (j).

(b.1) Quality of care panels.--

(1) In addition to the board, there shall be four quality of care panels as follows:

(i) A health professional quality panel.

(ii) A health institution quality panel.

(iii) A health supplier quality panel.

(iv) The health care ombudsman panel.

(2) The quality of care panels shall meet regularly as needed to create policies and recommendations to deliver cost-effective, evidence-based, quality health care to the residents of this Commonwealth.

(3) The quality of care panels shall hire staff who will work daily on quality of care recommendations with agency staff. The quality of care recommendations shall be presented in a formal report at every board meeting.

(4) The chair shall inform the board on progress or explaining the lack of progress in implementing key recommendations of the quality of care panels.

(c) Chairman.--The Governor shall designate one of the board members as chairman, who shall serve in that position at the pleasure of the Governor. The chairman shall, when present, preside at all meetings, and in his absence a member designated by the chairman shall preside.

(d) Midterm vacancies.--Midterm vacancies shall be filled by a representative from the same constituent group required under subsection (b) and the individual appointed to fill a vacancy occurring prior to the expiration of the term for which a member is appointed shall hold office for the remainder of the predecessor's term.

(e) Compensation, benefits and expenses.--The chair shall receive an annual salary, benefits and expense reimbursement established by the board, to be paid from the fund, but the salary may not exceed the salary of the Governor. The initial board shall establish its own compensation per diem and, for travel, reimbursement of expenses incurred on behalf of the board and other necessary expenses. No increase or decrease in salary or benefits adopted by the board for the chair or members shall become effective within the same three-year term, except for the first three initial years of the plan when readjustments may be made.

(f) Meetings.--

1 (1) The chair shall set the time, place and date for the
2 initial and subsequent meetings of the board and shall
3 preside over its meetings. The initial meeting shall be set
4 not sooner than 50 nor later than 100 days after the
5 appointment of the chair. Subsequent meetings shall occur as
6 determined by the board but not less than six times annually.
7 (2) All meetings of the board are open to the public
8 unless questions of patient confidentiality arise. The board
9 may conduct closed executive session for issues relating to
10 confidential patient information, to evaluation of the chair
11 or to personnel matters.
12 (3) The board shall publish its rulings in the
13 Pennsylvania Bulletin with an opportunity for public comment
14 as determined by State law.
15 (4) The minutes of the board, except for executive
16 session deliberations, shall be public information. The media
17 shall be allowed access to all final public reports to ensure
18 full disclosure of decisions that impact the public.
19 (g) Quorum.--Two-thirds of the appointed members of the
20 board shall constitute a quorum for the conducting of business
21 at meetings of the board. Decisions at ordinary meetings of the
22 board shall be reached by majority vote of those actually
23 present or, in the event of an emergency meeting, those also
24 present by electronic or telephonic means. Where there is a tie
25 vote, the chair shall vote to break the tie. Except as otherwise
26 provided in this act, absentee or proxy voting shall not be
27 allowed.
28 (h) Ethics.--The executive director, the chair and other
29 board members and their immediate families are prohibited from
30 having any pecuniary interest in any business with a contract or

in negotiation for a contract with the agency. The board shall also adopt rules of ethics and definitions of irreconcilable conflicts of interest that will determine under what circumstances members must recuse themselves from voting.

(i) Prohibitions.--

(1) No member of the board may receive any additional salary or benefits by virtue of serving on the board.

(2) No member of the board may hold any other salaried Commonwealth public position, either elected or appointed, during the member's tenure on the board, including, but not limited to, the position of State legislator or member of the United States Congress.

(3) The executive director, chair and board members may not be a State legislator or member of the United States Congress.

(j) Dismissal.--Board members shall attend all meetings and be prepared to discuss and vote on information presented. Board members may be dismissed and positions refilled for any of the following reasons:

(1) Failure to attend 75% of the meetings in one year.

(2) Inability to represent their constituency group.

(3) Clear conflict of interest.

(4) Fraud or criminal activity either present or in the past.

Section 302. Duties of board.

(a) General duties.--The board is responsible for directing the agency in the performance of all duties, the exercise of all powers, and the assumption and discharge of all functions vested in the agency. The board shall adopt and publish its rules and procedures in the Pennsylvania Bulletin no later than 180 days

after the first meeting of the board.

(b) Specific duties.--The duties and functions of the board include, but are not limited to, the following:

(1) Implementing statutory eligibility standards for benefits.

(2) Annually adopting a benefits package for participants of the plan.

(3) Acting directly or through one or more contractors as the single payer administrator for all claims for health care services made under the plan.

(4) At least annually, reviewing the appropriateness and sufficiency of reimbursements and considering whether a charge is fair and reasonable for its geographic region or location.

(5) Providing for timely payments to participating providers through a structure that is well organized and that eliminates unnecessary administrative costs.

(6) Implementing standardized claims and reporting methods for use by the plan.

(7) Developing a system of centralized electronic claims and payments accounting.

(8) Establishing an enrollment system that will ensure that those who travel frequently and cannot read or speak English are aware of their right to health care and are formally enrolled in the plan.

(9) Reporting annually to the General Assembly and to the Governor, on or before the first day of October, on the performance of the plan, the fiscal condition of the plan, recommendations for statutory changes, the receipt of payments from the Federal Government, whether current year

goals and priorities were met, future goals and priorities, and major new technology or prescription drugs that may affect the cost of the health care services provided by the plan.

(10) Administering the revenues of the fund.

(11) Obtaining appropriate liability and other forms of insurance to provide coverage for the plan, the board, the agency and their employees and agents.

(12) Establishing, appointing and funding appropriate staff, office space, equipment, training and administrative support for the agency throughout this Commonwealth, all to be paid from the fund.

(13) Administering aspects of the agency by taking actions that include, but are not limited to, the following:

(i) Establishing standards and criteria for the allocation of operating funds.

(ii) Meeting regularly to review the performance of the agency and to adopt and revise its policies.

(iii) Establishing goals for the health care system established pursuant to the plan in measurable terms.

(iv) Establishing Statewide health care databases to support health care services planning.

(v) Implementing policies and developing mechanisms and incentives to assure culturally and linguistically sensitive care.

(vi) Establishing rules and procedures for implementation and staffing of a no-fault compensation system for iatrogenic injuries or complications of care whereby a patient's condition is made worse or an opportunity for cure or improvement is lost due to the

health care or medications provided or appropriate care not provided by participating providers under the plan.

(vii) Establishing standards and criteria for the determination of appropriate transitional support and training for residents of this Commonwealth who are displaced from work during the first two years of the implementation of the plan.

(viii) Evaluating the state of the art in proven technical innovations, medications and procedures and adopting policies to expedite the rapid introduction thereof in this Commonwealth.

(ix) Establishing methods for the recovery of costs for health care services provided pursuant to the plan to a beneficiary who is also covered under the terms of a policy of insurance, a health benefit plan or other collateral source available to the participant under which the participant has a right of action for compensation. Receipt of health care services pursuant to the plan shall be deemed an assignment by the participant of any right to payment for services from any such policy, plan or other source. The other source of health care benefits shall pay to the trust all amounts it is obligated to pay to, or on behalf of, the participant for covered health care services. The board may commence any action necessary to recover the amounts due.

(14) Establishing the Health Professional Quality Panel, Health Institution Quality Panel and Health Supplier Quality Panel, which panels shall be comprised of persons who represent a cross section of the medical and provider community as follows:

1 (i) Appointments shall be nominated by the trade
2 organizations and in the event of multiple nominations,
3 made by the board. Each quality panel shall submit
4 recommendations for continual improvement in cost-
5 effective, quality health car.
6 (ii) The Health Professional Quality Panel shall
7 consist of one representative of the following
8 constituencies:
9 (A) Primary care physicians.
10 (B) Specialty care physicians.
11 (C) Clinical psychologists.
12 (D) Nurses.
13 (E) Social workers.
14 (F) Midwives.
15 (G) Nutritionists.
16 (H) Pharmacists.
17 (I) Optometrists.
18 (J) Podiatrists.
19 (K) Hearing specialists.
20 (L) Physical or occupational therapists.
21 (M) Dentists.
22 (N) Chiropractors.
23 (O) Health educators.
24 (P) Acupuncturists.
25 (iii) The Health Institution Quality Panel shall
26 consist of one representative of the following
27 constituencies:
28 (A) Academic medical centers.
29 (B) Community hospitals.
30 (C) Rehabilitation centers.

1 (D) Trauma systems.
2 (E) Convenient care centers.
3 (F) Hospice program.
4 (G) Substance abuse centers.
5 (H) Home health care services.
6 (I) Long-term care facilities.
7 (iv) The Health Supplier Quality Panel shall consist
8 of one representative of the following constituencies:
9 (A) Medical imaging.
10 (B) Laboratory.
11 (C) Durable medical equipment suppliers.
12 (D) Pharmaceutical.
13 (E) Medical suppliers other than durable medical
14 equipment suppliers.
15 (v) The members of the quality panels shall be paid
16 a per diem rate, established by the board, for attendance
17 at meetings and further be reimbursed for actual and
18 necessary expenses incurred in the performance of their
19 duties, which shall include:
20 (A) Making recommendations to the agency on the
21 establishment of policy on medical issues,
22 population-based public health issues, research
23 priorities, scope of services, expansion of access to
24 health care services and evaluation of the
25 performance of the plan in order to provide high
26 quality care for Pennsylvania residents.
27 (B) Investigating proposals for innovative
28 approaches to the promotion of health, the prevention
29 of disease and injury, patient education, research
30 and health care delivery.

(C) Advising the agency on the establishment of standards and criteria to evaluate requests from health care facilities for capital improvements.

(D) Evaluating and advising the board on requests from providers or their representatives for adjustments to reimbursements reflective of their education and responsibilities.

(E) Coordinating resources in order to minimize duplication among providers, institutions and suppliers.

(F) Evaluating or conducting research in order to recommend products or services.

(G) Presenting key recommendations in a report to the board on improving quality of care.

(15) Establishing an Office of the Health Care Ombudsman. Acting directly or through one or more contractors, the ombudsman and staff shall expeditiously resolve issues related to the implementation of the plan within 24 hours. The office shall receive questions, complaints or problems from the public and work with agency staff in order to quickly find a permanent or temporary resolution. The staff of the ombudsman shall be hired from the funds deposited in the Pennsylvania Health Care Trust Fund. The ombudsman shall prepare a report for every board meeting summarizing the major issues and recommendations for resolution by the board.

(16) Establishing a secure and centralized electronic health record system wherein a beneficiary's entire health record can be readily and reliably accessed by authorized persons with the objective of eliminating the errors and

expense associated with paper records and diagnostic films. The system shall ensure the privacy of all health records it contains.

(17) Establishing, from the revenues received, a reserve fund sufficient to provide a continuation of services during periods of reduced or insufficient revenue due to economic conditions or unforeseen emergency major health care needs.

SUBCHAPTER B

PENNSYLVANIA HEALTH CARE AGENCY

Section 321. Pennsylvania Health Care Agency.

(a) Establishment.--The Pennsylvania Health Care Agency is established. The agency shall administer the plan and is the sole agency authorized to accept applicable grants-in-aid from the Federal Government and State government. It shall use such funds in order to secure full compliance with provisions of Federal and State law and to carry out the purposes established under this act. All grants-in-aid accepted by the agency shall be deposited into the Pennsylvania Health Care Trust Fund established under this act, together with other revenues raised within this Commonwealth to fund the plan.

(b) Appointment of executive director.--The executive director of the agency shall be appointed by the board and shall be the chief administrator of the plan. The executive director shall implement the plan and serve at the pleasure of the board. The salary of the executive director shall not exceed the statutory salary of the Governor.

(c) Personnel and employees.--The board shall employ and fix the compensation of agency personnel as needed by the agency to properly discharge the agency's duties. The employment of personnel by the board is subject to the civil service laws of

this Commonwealth. The executive director shall oversee the operation of the agency and the agency's performance of any duties assigned by the board.

SUBCHAPTER C

(Reserved)

SUBCHAPTER D

(Reserved)

SUBCHAPTER E

(Reserved)

SUBCHAPTER F

IMMUNITY

Section 371. Immunity.

In the absence of fraud or bad faith, the health quality panels, the board and agency and their respective members and employees shall incur no liability in relation to the performance of their duties and responsibilities under this act. The Commonwealth shall incur no liability in relation to the implementation and operation of the plan.

CHAPTER 5

PENNSYLVANIA HEALTH CARE PLAN

Section 501. General provisions.

(a) Establishment of plan.--There is hereby established the Pennsylvania Health Care Plan that shall be administered by the independent Pennsylvania Health Care Agency under the direction of the Pennsylvania Health Care Board.

(b) Coverage.--The plan shall provide health care coverage for all citizens of this Commonwealth. The agency shall work simultaneously to control health care costs, achieve measurable improvement in health care outcomes, promote a culture of health awareness and develop an integrated health care database to

support health care planning and quality assurance.

(c) Reforms.--The board shall implement the reforms adopted by the General Assembly hereby within one year of the effective date of the plan.

Section 502. Universal health care access eligibility.

(a) Eligibility.--All Pennsylvania residents, including aliens or immigrants lawfully given admission to the United States under the Immigration and Nationality Act (66 Stat. 163, 8 U.S.C. § 1101 et seq.), homeless persons and migrant agricultural workers and their accompanying families who reside in this Commonwealth and are required to pay personal income tax to the Commonwealth are eligible beneficiaries under the plan. Health benefits shall be covered for the period when the individual resided in Pennsylvania for tax purposes. When in doubt, the definition of residency status shall follow the definitions used by the Department of Revenue for paying personal income taxes. The board shall establish standards and a simple procedure to demonstrate proof of eligibility. Out-of-State students who are not independent of their parents or guardian attending school in this Commonwealth must obtain health insurance. Part-year residents must obtain health insurance for the period of time that they are not in State.

(b) Enrollment.--Enrollment in the plan shall be established by the board and beneficiaries shall be provided with access cards with appropriate proof of identity technology and privacy protection.

(c) Outreach to eligible residents.--Pennsylvania residents who are unable to pay their taxes because of physical or mental disabilities may obtain assistance through county assistance offices and other agencies identified by the board.

1 (d) Waivers.--If waivers are not obtained from the medical
2 assistance and/or Medicare programs operated under Title XVIII
3 or XIX of the Social Security Act (49 Stat. 620, 42 U.S.C. § 301
4 et seq.), the medical assistance and Medicare nonwaived programs
5 shall act as the primary insurers for those eligible for such
6 coverage, and the plan shall serve as the secondary or
7 supplemental plan of health coverage. Until such time as waivers
8 are obtained, the plan will not pay for services for persons
9 otherwise eligible for the same benefits under Medicare or
10 Medicaid. The plan shall also be secondary to benefits provided
11 to military veterans except where reasonable and timely access,
12 as defined by the board, is denied or unavailable through the
13 United States Veterans' Administration, in which instance the
14 plan will be primary and will seek reasonable reimbursement from
15 the United States Veterans' Administration for the services
16 provided to veterans.
17 (e) Priority of plans.--A plan of employee health coverage
18 provided by an out-of-State employer to a Pennsylvania resident
19 working outside of this Commonwealth shall serve as the
20 employee's primary plan of health coverage, and the plan shall
21 serve as the employee's secondary plan of health coverage.
22 (f) Reimbursement.--The plan shall reimburse providers
23 practicing outside of this Commonwealth at plan rates, or the
24 reasonable prevailing rate of the locale where the service is
25 provided, not to exceed 115% of the amount physicians in this
26 Commonwealth would have been paid for health care services
27 rendered to a beneficiary while the beneficiary is out of this
28 Commonwealth. Services provided to a beneficiary out of this
29 Commonwealth by other than a participating provider shall be
30 reimbursed to the beneficiary or to the provider at a fair and

reasonable rate for that location. The plan may suggest Pennsylvania providers for those who consistently use out-of-State providers.

(g) Presumption of eligibility.--Any individual who arrives at a health care facility unconscious or otherwise unable due to their mental or physical condition to document eligibility for coverage shall be presumed to be eligible, and emergency care shall be provided without delay occasioned over issues of ability to pay.

(h) Rules.--The board shall adopt rules assuring that any participating provider who renders humanitarian emergency care, urgent care or prevention or treatment for a communicable disease or prenatal and delivery care within this Commonwealth to a not actually eligible recipient shall nevertheless be reimbursed for such care from the plan subject to such rules as will reasonably limit the frequency of such events to protect the fiscal integrity of the plan. It shall be the agency's responsibility to secure reimbursement for the costs paid for such care from any appropriate third party funding source, or from the individual to whom the services were rendered.

Section 503. Covered services.

(a) Benefits package.--The board shall establish a single health benefits package within the plan that shall include, but not be limited to, all of the following:

(1) All medically necessary inpatient and outpatient care and treatment, both primary and secondary.

(2) Emergency services.

(3) Emergency and other medically necessary transport to covered health services.

(4) Rehabilitation services, including speech,

occupational, physical and massage therapy.

(5) Inpatient and outpatient mental health services and substance abuse treatment.

(6) Hospice care.

(7) Prescription drugs and prescribed medical nutrition.

(8) Vision care, aids and equipment.

(9) Hearing care, hearing aids and equipment.

(10) Diagnostic medical tests, including laboratory tests and imaging procedures.

(11) Medical supplies and prescribed medical equipment.

(12) Immunizations, preventive care, health maintenance care and screening.

(13) Dental care.

(14) Home health care services.

(15) Chiropractic and massage therapy.

(16) Complementary and alternative modalities that have been shown by the National Institute of Health's Division of Complementary and Alternative Medicine to be safe and effective for possible inclusion as covered benefits.

(17) Long-term care for those unable to care for themselves independently and including assisted and skilled care.

(b) Exclusions for preexisting conditions.--The plan shall not exclude or limit coverage due to preexisting conditions.

(c) Copayments, deductibles, etc.--Beneficiaries of the plan are not subject to copayments, deductibles, point-of-service charges or any other fee or charge for a service within the package and shall not be directly billed nor balance billed by participating providers for covered benefits provided to the beneficiary. Where a beneficiary has directly paid for

nonemergency services of a nonparticipating provider, the beneficiary may submit a claim for reimbursement from the plan for the amount the plan would have paid a participating provider for the same service. Where emergency services are rendered by a nonparticipating provider, the beneficiary shall receive reimbursement of the full amount paid to such nonparticipating provider not to exceed 115% of the amount the plan would have paid a participating provider for the same service.

(d) Exclusions of coverage.--

(1) The board shall remove or exclude procedures and treatments, equipment and prescription drugs from the plan benefit package that the Food and Drug Administration or a health quality panel finds unsafe or that add no therapeutic value.

(2) The board shall exclude coverage for any surgical, orthodontic or other procedure or drug that the board determines was or will be provided primarily for cosmetic purposes unless required to correct a congenital defect, to restore or correct disfigurements resulting from injury or disease or that is certified to be medically necessary by a qualified, licensed provider.

(e) Choice by beneficiary.--Beneficiaries shall normally be granted free choice of the participating providers, including specialists, without preapprovals or referrals. However, the board shall adopt procedures to restrict such free choice for those individuals who engage in patterns of wasteful or abusive self-referrals to specialists. Specialists who provide primary care to a self-referred beneficiary will be reimbursed at the board-approved primary care rate established for the service in that community.

(f) Practice patterns.--Practice patterns of participating providers shall be monitored. Outliers in terms of overutilization or underutilization shall be reviewed by a panel of peers and, if necessary, constructive feedback given. The board may set outlier policies after reviewing practice patterns and recommendations from the health quality panels.

(g) Service.--No participating provider shall be compelled to offer any particular service so long as the refusal is consistent with the provider's practice.

(h) Discrimination.--The plan and participating providers shall not discriminate on the basis of race, ethnicity, national origin, gender, age, religion, sexual orientation, health status, mental or physical disability, employment status, veteran status or occupation.

Section 504. Excess and collective bargaining agreement health insurance coverage.

Subject to the regulations of the Insurance Commissioner and all applicable laws, private health insurers shall be authorized to offer coverage supplemental to the package approved and provided automatically under this act.

Section 505. Duplicate coverage.

The agency is subrogated to and shall be deemed an assignee of all rights of a beneficiary who has received duplicate health care benefits, or who has a right to such benefits, under any other policy or contract of health care or under any government program.

Section 506. Subrogation.

The agency shall have no right of subrogation against a beneficiary's third-party claims for harm or losses not covered under this act. Nor shall any beneficiary under this act have a

claim against a third-party tortfeasor for the services provided or available to the beneficiary under this act. In all personal injury actions accruing and prosecuted by a beneficiary on or after January 1, 2008, the presiding judge shall advise any jury that all health care expenses have been or will be paid under the plan, and, therefore, no claim for past or future health care benefits is pending before the court.

Section 507. Eligible participating providers and availability of services.

(a) General rule.--All licensed health care providers and facilities are eligible to become a participating provider in the plan in which instance they shall enjoy the rights and have the duties as set forth in the plan as stated in this section or as adopted by the board from time to time. Nonparticipating providers shall not enjoy the rights nor bear the duties of participating providers.

(b) Required notice.--In advance of initially providing services to a beneficiary, nonparticipating providers shall advise the beneficiary at the time the appointment is made that the person or entity is a nonparticipating provider and that the recipient of the service will be initially personally responsible for the entire cost of the service and ultimately responsible for the cost in excess of the reimbursement approved by the board for participating providers. A sign at the point of entry or reminder by the office staff disclosing whether the provider accepts or does not accept the plan card and who covers the cost of care shall be deemed sufficient notice. Failure to make such financial disclosure will be deemed a fraud on the beneficiary and entitle the beneficiary to a refund from the provider equal to 200% of the amount paid to the

nonparticipating provider in excess of the board-approved reimbursement for the services rendered, plus all reasonable fees for collection. The burden of proof that such disclosure was made shall be on the nonparticipating provider.

(c) Plan by board.--The board shall assess the number of primary and specialty providers needed to supply adequate health care services in this Commonwealth generally and in all geographic areas and shall develop a plan to meet that need. The board shall develop financial incentives for participating providers in order to maintain and increase access to health care services in underserved areas of this Commonwealth.

(d) Reimbursements.--Reimbursements shall be determined by the board in such a fashion as to assure that a participating provider receives compensation for services that fairly and fully reflect the skill, training, operating overhead included in the costs of providing the service, capital costs of facilities and equipment, cost of consumables and the expense of safely discarding medical waste, plus a reasonable profit sufficient to encourage talented individuals to enter the field and for investors to make capital available for the construction of state-of-the-art health care facilities in this Commonwealth. The plan shall review fee schedules and may offer alternative reimbursement mechanisms, including capitation, salary and bonuses.

(e) Adjustments to reimbursements.--Participating providers shall have the right alone or collectively to petition the board for adjustments to reimbursements believed to be too low. Such petitions shall be initially evaluated by the administrator of provider services, with input from the Health Professional Quality Panel, who shall submit a report to the chair within 30

1 days. The chair shall then submit a recommendation to the board
2 for action at the next scheduled board meeting. Participating
3 providers who remain dissatisfied after the board has ruled may
4 appeal the board's determination to Commonwealth Court, which
5 shall review the action of the board on an abuse of discretion
6 standard.

7 (f) Evaluation of access to care.--The board annually shall
8 evaluate access to trauma care, diagnostic imaging technology,
9 emergency transport and other vital urgent care requirements and
10 shall establish measures to assure beneficiaries have equitable
11 and ready access to such resources regardless of where in this
12 Commonwealth they may be.

13 (g) Health care delivery models.--The board, with the
14 assistance of the health quality panels, shall review best
15 community practices in delivering high quality care. Those
16 wellness practices that can be adopted will be funded with an
17 increasing emphasis on prevention and community-based care in
18 order to reduce the need for hospitalization and nursing home
19 care in the future.

20 (h) Performance reports.--The board, with the assistance of
21 the Health Advisory Panel, shall define performance criteria and
22 goals for the plan and shall make a written report to the
23 General Assembly at least annually on the plan's performance.
24 All such reports, including the survey results obtained, shall
25 be made publicly available with the goal of total transparency
26 and open self-analysis as a defining quality of the agency. The
27 board shall establish a system to monitor the quality of health
28 care and patient and provider satisfaction and to adopt a system
29 to devise improvements and efficiencies to the provision of
30 health care services.

(i) Data reporting.--All participating providers shall, in a prompt and timely manner, provide existing and ongoing data to the agency upon its request.

(j) Coordination of services.--The agency shall coordinate the provision of health care services with any other Commonwealth and local agencies that provide health care services directly to their charges or residents.

Section 508. Rational cost containment.

(a) Approval of expenditures.--As part of its cost containment mission and based on the certificate of need, the board, with the assistance of the Health Institution Quality Panel, shall screen and approve or disapprove private or public expenditures for new health care facilities and other capital investments that may lead to redundant and inefficient health care provider capacity. Procedures shall be adopted for this purpose with an emphasis upon efficiency, quality of delivery and a fair and open consideration of all applications.

(b) Capital investments.--Based on the certificate of need all capital investments valued at $1,000,000 or greater, including the costs of studies, surveys, design plans and working drawing specifications, and other activities essential to planning and execution of capital investment and all capital investments that change the bed capacity of a health care facility by more than 10% over a 24-month period or that add a new service or license category shall require the approval of the board. When a facility, an individual acting on behalf of a facility or any other purchaser obtains by lease or comparable arrangement any facility or part of a facility, or any equipment for a facility, the market value of which would have been a capital expenditure, the lease or arrangement shall be

considered a capital expenditure for purposes of this section.

(c) Study.--Those intending to make capital investments or acquisitions shall prepare a business case for making each investment and acquisition. It shall include the full-life-cycle costs of the investment or acquisition, an environment impact report that meets existing State standards and a demonstration of how the investment or acquisition meets the health care needs of the population it is intended to serve. Acquisitions may include, but not be limited to, acquisitions of land, operational property or administrative office space.

(d) Deemed approval.--Capital investment programs submitted for approval shall be deemed approved by the board within 60 days from the date the submissions are received by the chair. A 60-day extension may apply if the board requires additional information.

(e) Recommendations.--Recommendations of the Pennsylvania Heath Cost Containment Council and such other public and private authoritative bodies as shall be identified from time to time by the board shall be received by the chair and submitted to the board with the chair's recommendation regarding implementation of the recommended reforms. The board shall receive input from all interested parties and then shall vote upon all such recommendations within 60 days. Where procedural or protocol reforms are adopted, participating providers will be required to implement such designated best practices within the next 60 days.

(f) Appeal.--A decision of the board may be appealed through a uniform dispute resolution process that has been established by unanimous approval of the board.

(g) Required investments.--The board, with the

1 recommendations of the Health Institution Quality Panel, may
2 adopt programs to assist participating providers in making
3 capital investments responsive to best practice recommendations.
4 (h) Decertification.--Participating providers refusing to
5 adopt recommended reforms shall, after a reasonable opportunity
6 to be heard, be subject to such sanctions as the board shall
7 deem appropriate and necessary up to and including a
8 recommendation by the board to the Bureau of Professional and
9 Occupational Affairs or the Department of Health for the
10 suspension or permanent decertification of the participating
11 provider.
12 CHAPTER 9
13 PENNSYLVANIA HEALTH CARE TRUST FUND
14 Section 901. Pennsylvania Health Care Trust Fund.
15 (a) Establishment.--The Pennsylvania Health Care Trust Fund
16 is hereby established within the State Treasury. All moneys
17 collected and received by the plan shall be transmitted to the
18 State Treasurer for deposit into the fund, to be used
19 exclusively to finance the plan.
20 (b) State Treasurer.--The State Treasurer may invest the
21 principal and interest earned by the fund in any manner
22 authorized under law for the investment of Commonwealth moneys.
23 Any revenue or interest earned from the investments shall be
24 credited to the fund.
25 Section 902. Limitation on administrative expense.
26 The system budget referred to in this chapter shall comprise
27 the cost of the agency, services and benefits provided,
28 administration, data gathering, planning and other activities
29 and revenues deposited with the system account of the fund. The
30 board shall limit ongoing administrative costs, excluding start-

up costs, to 5% of the agency budget and shall annually evaluate methods to reduce administrative costs and publicly report the results of that evaluation.

Section 903. Funding sources.

Funding of the plan shall be obtained from the following dedicated sources:

(1) Funds obtained from existing or future Federal health care programs.

(2) Funds from dedicated sources specified by the General Assembly.

(3) Receipts from the tax of 10% of gross payroll, including self-employment profits. One percent of the tax shall become effective the date that shall be the first day of a calendar month no less than 32 days after the effective date of this act, and the tax shall become fully effective 60 days before the plan takes effect. Employers who are part of a collective bargaining agreement whereby the health care benefits are no less generous than those provided under the plan shall be excused from paying 90% of the tax.

(4) Receipts from the Individual Fair Share Health and Wellness Tax of 3% on income as defined in sections 301 and 303 of the act of March 4, 1971 (P.L.6, No.2), known as the Tax Reform Code of 1971. One-half of one percent of the Individual Fair Share Health and Wellness Tax shall become effective the date that shall be the first day of a calendar month no less than 32 days after the effective date of this act, and the Individual Fair Share Health and Wellness tax shall become fully effective 60 days before the plan takes effect.

CHAPTER 11

TRANSITIONAL SUPPORT AND TRAINING FOR DISPLACED WORKERS

Section 1101. Transitional support and training for displaced workers.

(a) Determination of eligibility.--The plan shall determine which citizens of this Commonwealth employed by a health care insurer, health insuring corporation or other health care-related business have lost their employment as a result of the implementation and operation of the plan, including the amount of monthly wages that the individual has lost due to the plan's implementation. The plan shall attempt to position these displaced workers in comparable positions of employment or assist in the retraining and placement of such displaced employees elsewhere.

(b) Compensation.--The plan shall forward the information on the amount of monthly wages lost by Commonwealth residents due to the implementation of the plan to the board. Compensation shall be up to $5,000 each month but may not exceed the monthly wages of the individual when he was displaced. Compensation will cease upon reemployment or after two years, whichever comes first. A displaced worker shall be eligible to receive compensation, training assistance, or both, from the fund. Training assistance may not exceed $20,000.

(c) Coordination of services.--The plan shall fully coordinate activity with public and private services also available or actually participating in the assistance to the affected individuals.

(d) Appeals.--Persons dissatisfied with the level of assistance they are receiving may appeal to the office of the executive director whose determination shall be final and not subject to appeal.

1 CHAPTER 13

2 VOLUNTEER EMERGENCY RESPONDER NETWORK

3 Section 1301. Preservation of volunteer emergency responder
4 network.

5 Because this Commonwealth is dependent upon the volunteered
6 services of firefighters, emergency medical technicians and
7 search and rescue workers, the board is further charged with
8 administering a Commonwealth income tax credit program for such
9 volunteers.

10 Section 1302. Eligibility certification.

11 Annually, in January, administrators of volunteer
12 firefighting and rescue departments, emergency medical
13 technicians and paramedics stations and similar volunteer
14 emergency entities shall certify the identity of Commonwealth
15 residents providing active services during the prior calendar
16 year.

17 Section 1303. Eligibility criteria.

18 Active status shall require a minimum of 200 hours of service
19 during the preceding year and response to no less than 50% of
20 the emergency calls during at least three of the four calendar
21 quarters.

22 Section 1304. Amount of tax credit.

23 Each volunteer certified as active shall be granted a credit
24 equal to $1,000 toward the volunteer's State income tax
25 obligation under Article III of the act of March 4, 1971 (P.L.6,
26 No.2), known as the Tax Reform Code of 1971. Any eligible
27 volunteer who does not incur $1,000 in annual State income tax
28 liability shall nevertheless be eligible for a refund equal to
29 the amount the credit exceeds that volunteer's tax obligation.

30 Section 1305. Reimbursement.

1 The State Treasury shall be reimbursed the value of such
2 volunteer credits from the fund.

3 CHAPTER 45

4 MISCELLANEOUS PROVISIONS

5 Section 4501. Effective date.

6 This act shall take effect immediately.
