 17 Section 72. Miscellaneous.  
 18 (1) (Reserved).  
 19 Section 73. Limitation on expenditure of funds.  
 20 The following shall apply:  
 21 (1) Any moneys derived from the incurring of debt shall  
 22 be used solely for effecting the rehabilitation, replacement  
 23 or removal of bridges located on State highways. All other  
 24 bridge rehabilitation, replacement or removal shall be  
 25 financed from current revenue.  
 26 (2) Notwithstanding any law to the contrary, the  
 27 projects itemized in the act of December 8, 1982 (P.L.848,  
 28 No.235), known as the Highway-Railroad and Highway Bridge  
 29 Capital Budget Act for 1982-1983, may be financed from  
 30 current revenue.

1 Section 74. Debt authorization.

2 The Governor, Auditor General and State Treasurer are hereby  
3 authorized and directed to borrow from time to time, in addition  
4 to any authorization heretofore or hereafter enacted, on the  
5 credit of the Commonwealth, subject to the limitations provided  
6 in the current capital budget, money not exceeding in the  
7 aggregate the sum of ~~\$4,711,090,000~~ \$4,929,005,000 as may be <--  
8 found necessary to carry out the acquisition and construction of  
9 the State projects specifically itemized in this act.

10 Section 75. Issue of bonds.

11 The indebtedness authorized in this act shall be incurred  
12 from time to time and shall be evidenced by one or more series  
13 of general obligation bonds of the Commonwealth in such  
14 aggregate principal amount for each series as the Governor,  
15 Auditor General and State Treasurer shall determine, but the  
16 latest stated maturity date shall not exceed 30 years from the  
17 date of the bond first issued for each series.

18 Section 76. Estimated useful life of projects.

19 The General Assembly states the estimated useful life of the  
20 projects itemized in this act is 30 years.

21 Section 77. Appropriation.

22 The net proceeds of the sale of the obligations authorized in  
23 this act are hereby appropriated from the Capital Facilities  
24 Fund to the department in the maximum amount of ~~\$4,711,090,000~~ <--  
25 \$4,929,005,000 to be used by it exclusively to defray the <--  
26 financial costs of the State projects specifically itemized in  
27 this act. After reserving or paying the expenses of the sale of  
28 the obligation, the State Treasurer shall pay out to the  
29 department the moneys as required and certified by it to be  
30 legally due and payable.

1 Section 78. Federal funds.

2 In addition to those funds appropriated in section 77, all  
3 moneys received from the Federal Government for the public  
4 improvement projects specifically itemized in this act are also  
5 hereby appropriated for those projects.

6 Section 79. Allocation of funds.

7 (a) General rule.--Whenever the department or the Department  
8 of Conservation and Natural Resources determines that the full  
9 estimated financial costs of the projects itemized in this act  
10 are not necessary for the proper design, acquisition or  
11 construction of such projects, the excess funds no longer  
12 required may be allocated by the department or the Department of  
13 Conservation and Natural Resources to increase the estimated  
14 costs of any one or more of the projects specifically itemized  
15 in a capital budget.

16 (b) Reimbursement of municipal expenditures.--Moneys raised  
17 or expended by municipalities after the effective date of this  
18 act, in anticipation of receipt of funds authorized for projects  
19 itemized by this act, may be reimbursable to those  
20 municipalities.

21 Section 80. Policy on jobs and materials.

22 (a) Jobs.--It is the declared policy of the Commonwealth  
23 that the construction projects authorized in this act be used,  
24 to the greatest extent possible, to provide for the creation of  
25 jobs and the rehiring of the unemployed in this Commonwealth. In  
26 order to reach this goal, firms with Commonwealth-based  
27 facilities shall be actively solicited to make bids on contracts  
28 to furnish products and materials, including, but not limited  
29 to, steel and steel products, to be used in these projects.

30 (b) Materials.--Every contract document entered into to

1 undertake a project contained in this act shall provide that any  
2 steel or other products to be used or supplied in the  
3 performance of this contract be required to be manufactured by  
4 plants in the United States unless the secretary determines, on  
5 a contract-by-contract basis, that certain required products are  
6 not produced in the United States in sufficient quantities to  
7 meet the requirements of the contract. Such a determination and  
8 the reasons therefor shall be published in the Pennsylvania  
9 Bulletin. Decisions made under this subsection shall not be  
10 inconsistent with the general provisions of the act of March 3,  
11 1978 (P.L.6, No.3), known as the Steel Products Procurement Act.

12 (c) Minorities and women.--It is also the declared policy of  
13 the Commonwealth to require and encourage substantial  
14 participation by minorities and women in the construction  
15 projects authorized by this act.

16 Section 81. Payment of capital debt service.

17 The repayment of any debt incurred pursuant to this act shall  
18 be made from the account and such repayment shall have first  
19 claim on the revenues of the account.

20 Section 82. Authorization and debt cumulation.

21 The additional authorization and debt allowance provided for  
22 in this act shall be added to the total authorizations and debt  
23 incurred pursuant to the act of December 8, 1982 (P.L.848,  
24 No.235), known as the Highway-Railroad and Highway Bridge  
25 Capital Budget Act for 1982-1983, as amended and supplemented.

26 Section 83. Editorial changes.

27 In editing and preparing this act for printing following the  
28 final enactment, the Legislative Reference Bureau shall insert  
29 or revise letters or numbers for projects where the letters or  
30 numbers are missing or require revision. The bureau shall also

1 revise the total monetary amounts for the total authorization,  
2 debt authorization, appropriations and departmental totals as  
3 necessary to agree with the total monetary amounts of the  
4 projects.

5 Section 84. Effective date.

6 This act shall take effect immediately.
