6 (b.6) Private water supply testing.--

7 (1) An owner of a private water supply who suspects that
8 the water supply has been polluted or diminished by the
9 drilling, alteration or operation of an oil or gas well may
10 request the department sample and test the private water
11 supply.

12 (2) If the department samples the private water supply,
13 the department shall provide the owner of the private water
14 supply with a copy of the department's report on the
15 laboratory results for the samples collected from the private
16 water supply and for the parameters that were accurately
17 tested and verified according to recognized and approved
18 testing methodologies.

19 (3) The department shall provide the copy of the
20 department's report on the results under paragraph (2) to the
21 owner of the private water supply within five working days
22 after the preparation of the report.
