14 including any specific actions or financial participation to  
15 help implement the TRID. The agreement shall include the  
16 development agreement specified in section 504 as well as a

28 Section 304. TRID planning study factors.

29 The scope and scale of transit improvements and community  
30 facility improvements, as well as any needed support facilities,

1 shall be assessed in the TRID planning study. The TRID planning  
2 study shall also serve as the basis for a comprehensive plan  
3 amendment to establish the TRID if the municipality has a  
4 currently adopted comprehensive plan. The following shall apply:

5 (1) The planning study shall consider the need for  
6 capital improvements to transit-related facilities and  
7 adjacent public infrastructure, including roads, sidewalks  
8 and water, sewer and storm drainage service and public

7 transportation agencies and municipalities.

8 As guidelines to implement the findings and recommendation of  
9 the TRID planning study, the following roles and  
10 responsibilities are defined:

24 responsibilities, the parties to a TRID shall be responsible  
25 for defining the administrative and management roles and  
26 responsibilities that will be most appropriate to achieve  
27 implementation of the TRID in their community.]

28 Section 306. Amendments [to TRID planning study].

29 [Proposed real estate development or redevelopment may  
30 trigger additional needs for transit improvements and community

1 facility improvements or support facilities and shall be  
2 accommodated through pertinent amendments of the TRID planning  
3 study and county, multimunicipal or local municipal  
4 comprehensive plan.] If warranted by a changing economic or  
5 community condition, planning goal, real estate development,  
6 redevelopment opportunity or a demonstrated need for transit or  
7 community facility improvement, a TRID or TRID planning study  
8 may be amended. The following shall apply:

9       (1) The boundaries of a TRID may be expanded or reduced  
10 by an amendment to the ordinance establishing the TRID and

12 supported by findings in the original or amended TRID  
13 planning study.

14       (2) A TRID planning study may be amended by approval of

28       (2) Alternatively, the public transportation agency may  
29 advertise the presence of available development sites within  
30 a TRID, including a map of potentially developable or

1 redevelopable properties, and invite interested developers to  
2 submit proposals in cooperation with the pertinent local  
3 jurisdiction or jurisdictions and implementing agencies.

4 (3) In the case of either paragraph (1) or (2), the  
5 public transportation agency may not be the primary real  
6 estate developer, and joint development activities are  
7 confined to the construction of support and access  
8 facilities: that is, vehicular access, parking, pedestrian  
9 ways, building pads, foundation columns, signage and similar  
10 items.

11 [(4) The partnering TRID local municipality or  
12 municipalities shall designate a management entity for the  
13 TRID which may be a municipal authority or joint municipal  
14 authority, in accordance with the requirements of 53 Pa.C.S.  
15 Ch. 56 (relating to municipal authorities) to manage and  
16 facilitate TRID implementation. The local municipality or

29 Section 701. Creation of value capture area.

30 In conjunction with the formal establishment of the TRID

1 boundaries, a coterminous value capture area shall  
2 simultaneously be created to enable local municipalities, school  
3 districts, the county and the public transportation agency to  
4 share the increased tax increment of real estate and other  
5 designated tax revenues generated by new real estate investment  
6 within the TRID. The participants in the TRID, through the  
7 designated management entity, shall develop an administrative  
8 and project schedule and budget to implement the project,  
9 including future maintenance needs, as defined in the TRID  
10 planning study, as well as the shares and use of [such tax] the  
11 incremental revenues as are projected to be generated from the  
12 TRID value capture area. The participating municipality or

14 Section 702. Dedication of tax revenues.

27 purposes.

28 (1.1) A public transportation agency may not use the  
29 revenue for a transit capital investment outside of a  
30 designated TRID except if the investment is necessary and

1 integral to achieve an approved TRID implementation  
2 objective.

3 (2) Local municipalities, school districts and the  
4 county shall establish an amortization schedule for receipt,  
5 investment and expenditure of any TRID tax incremental  
6 revenues[, not to exceed 20 years,] similar to the  
7 amortization schedule in the act of July 11, 1990 (P.L.465,  
8 No.113), known as the Tax Increment Financing Act. [However,  
9 where a municipal or joint municipal authority has been  
10 created, it shall be responsible for fixing the amortization  
11 schedule and for defining the TRID capital improvement plan.]  
12 Incremental tax revenue generated by a TRID property may be
