7 lines or facilities, [the facility owner shall] to follow the
8 Common Ground Alliance Best Practices for Temporary Marking set
9 forth in ANSI standard Z535.1. Should the Common Ground Alliance
10 Best Practices be amended, the amended guidelines shall be
11 applied and followed. If the Common Ground Alliance Best
12 Practices no longer publishes guidelines for temporary markings
13 or if the responsibility for publishing the guidelines is
14 transferred to or assumed by another entity, the facility owner
15 shall follow the guidelines approved by the One Call System's

3 serving the location where the damage occurred, such facility
4 owner shall have no right of recovery from the excavator of any
5 costs associated with the damage to its lines. The right herein
6 granted shall not be in limitation of any other rights of the
7 excavator.

8 (10) [To submit an incident report to the department not
9 more than ten business days after receipt of notice that the
10 facility owner's lines have been damaged by excavation or
11 demolition activities that resulted in personal injury or in
12 property damage to parties other than the affected excavator or
13 facility owner. In addition, the incident report may likewise be
14 furnished to the Pennsylvania Public Utility Commission and the
15 Pennsylvania Emergency Management Agency pursuant to memoranda
16 of understanding negotiated between these agencies and the
17 department, which shall, at a minimum, provide for a common

12 the person or the person's property arising out of its
13 nonnegligent actions in furtherance of the duties imposed under
14 this act and shall be liable only if the failure to comply was
15 the proximate cause of any damages claimed.

16 (c) (Reserved).

17 (d) The One Call System shall be governed by a board of
18 directors[,] to be chosen by the facility owners. No less than
19 twenty percent of the seats on the board shall be held by

21 all of the following:

22 (1) The [Chairman of the Pennsylvania Public Utility
23 Commission] chairman or his designee.

24 (2) The Director of the Pennsylvania Emergency Management
25 Agency or his designee.

27 (4) The Secretary of Transportation or his designee.

28 (5) An excavator or excavation industry representative.

29 (6) A designer or designer industry representative.

30 (e) Operation costs for the One Call System shall be shared,

2 members as determined by the One Call System's board of
3 directors. Political subdivisions with a population of less than
4 two thousand people or municipal authorities having an aggregate
5 population in the area served by the municipal authority of less
6 than five thousand people shall be exempt from the payment of
7 any service fee. The One Call System may be reimbursed for its
8 costs in providing this service from the contractor fees.

9 (f) All fees shall be set by the board of directors and

13 current average published Consumer Price Index for Pennsylvania.
14 Costs of capital improvements may be added, if the improvement
15 receives a majority vote of the board of directors.

16 [(g) An excavator, designer or operator who proposes to
17 commence excavation or demolition work and requests information
18 of the One Call System shall be charged a fee for the service
19 received from the One Call System. The fee shall be used to
20 offset the operation cost levied on the political subdivision
21 and municipal authority members in lieu of additional fees
22 charged for locations under this act.]

23 (f.1) An excavator, designer or operator who proposes to
24 commence excavation or demolition work and requests information
25 from the One Call System shall pay to the One Call System an
26 annual fee for the service provided by the One Call System under
27 section 3. The fee shall be set by the One Call System board of
28 directors and shall be used to offset a portion of the operation
29 costs of the One Call System and a portion of the operation
30 costs levied on the One Call System's political subdivision and

1 municipal authority members. Failure to pay the fee shall
2 constitute a violation of this act and shall subject the
3 excavator, designer or operator to the enforcement authority of
4 the commission for the nonpayment.

5 (h) Any request for information shall be reviewed and
6 provided as determined in accordance with the procedure
7 established by the One Call System's board of directors.

8 Section 4. It shall be the duty of each designer preparing a
9 drawing which requires excavation or demolition work within
10 [the] this Commonwealth:

11 (2) To request the line and facility information prescribed
12 by [section 2, clause (4)] section 2(a)(4) from the One Call
13 System not less than ten nor more than ninety business days
14 before final design is to be completed. This clause is not
15 intended to prohibit designers from obtaining such information
16 more than ninety days before final design is to be completed;
17 however, they shall state in their requirements that such work
18 is preliminary.

19 (2.1) To forward a copy of the project plans to each
20 facility owner who requests a copy. If a designer is unable to
21 provide a copy because of security of the project or proprietary
22 concerns regarding the design or the project, the designer shall
23 negotiate in a timely manner with the facility owner the means
24 of obtaining the necessary data.

25 (3) To show upon the drawing the position and type of each
26 facility owner's line, derived pursuant to the request made as
27 required by clause (2), and the name of the facility owner as
28 shown on the list referred to in section 3.

29 (4) To make a reasonable effort to prepare the construction
30 drawings to avoid damage to and minimize interference with a

1 facility owner's facilities in the construction area by
2 maintaining the clearance as provided for in the applicable
3 easement condition or an eighteen-inch clearance of the facility
4 owner's facilities if no easement restriction exists.

5 (5) A designer shall be deemed to have met the obligations
6 of clause (2) if he calls the One Call System and shows, as
7 proof, the serial number of one call notice on drawings. The
8 designer shall also show the toll-free number of the One Call
9 System on the drawing near his serial number.

10 (6) If, after receiving information from the facility
11 owners, the designer decides to change the work site of a
12 proposed excavation, the obligations imposed by this section
13 shall apply to the new work site.

14 (7) The designer who has complied with the terms of this act
15 and who was not otherwise negligent shall not be subject to
16 liability or incur any obligation to facility owners, operators,
17 owners or other persons who sustain injury to person or property
18 as a result of the excavation or demolition planning work of the
19 designer.

20 (8) To submit a report of alleged violation to the
21 commission through the One Call System not more than thirty
22 business days from the time the designer becomes aware that a
23 violation of this act may have been committed in association
24 with excavation or demolition work. The report of alleged
25 violation shall be in a form and manner as required by the
26 commission.

27 (9) To request line and facility information required under
28 section 2(a)(4) from the One Call System and to pay the
29 applicable fee for the request.

30 Section 5. It shall be the duty of each excavator who

1 intends to perform excavation or demolition work within this
2 Commonwealth:

3 (2.1) To request the location and type of facility owner
4 lines at each work site by notifying the facility owner through
5 the One Call System. Notification shall be not less than three
6 nor more than ten business days in advance of beginning
7 excavation or demolition work. No work shall begin earlier than
8 the [scheduled excavation] lawful start date which shall be on
9 or after the third business day after notification. The
10 [scheduled excavation] lawful start date shall exclude the date
11 upon which notification was received by the One Call System and
12 notification received on a Saturday, Sunday or holiday, which
13 shall be processed on the following business day. In the case of
14 a complex project, notification shall not be less than ten
15 business days in advance of the beginning of excavation or
16 demolition work.

17 (2.2) To provide the One Call System with [specific] exact
18 information to identify the work site so that facility owners
19 might provide indications of their lines. An excavator shall be
20 deemed to have met the obligations of clause (2.1) if he calls
21 the One Call System, provides the work site and other required
22 information and receives a serial number.

23 (3) In a complex project or if an excavator intends to
24 perform work at multiple work sites or over a large area, [he
25 shall] to take reasonable steps to work with facility owners,
26 including scheduling and conducting a preconstruction meeting,
27 so that they may locate their facilities at a time reasonably in
28 advance of the actual start of excavation or demolition work for
29 each phase of the work. A preconstruction meeting may take place
30 at any time prior to the commencement of excavation or

1 demolition work, and the excavator, facility owners and
2 designer, or their agents, shall attend the meeting. Notice of
3 the meeting shall be given sufficiently in advance so as to
4 permit attendance, either in person or electronically, by the
5 excavator, facility owners and designer, or their agents, and
6 shall include information sufficient to identify the scope of
7 work. If the excavator does not believe that a preconstruction
8 meeting is necessary under the circumstances of this [paragraph]
9 clause it shall indicate such belief in its notice, but any
10 facility owner with facilities at the work site may request a
11 meeting with the excavator, and a meeting shall be held between
12 the facility owner and the excavator. After commencement of
13 excavation or demolition work, the excavator shall be
14 responsible for protecting and preserving the staking, marking
15 or other designation until no longer required for proper and
16 safe excavation or demolition work at or near the underground
17 facility[,] or by contacting the One Call System to request that
18 the facilities be marked again in the event that the previous
19 markings have been compromised or eliminated.

20 (3.1) To comply with the requirements established by the One
21 Call System as determined by the board of directors regarding
22 the maximum area that a notification may cover.

23 (4) To exercise due care[;] and to take all reasonable steps
24 necessary to avoid injury to or otherwise interfere with all
25 lines where positions have been provided to the excavator by the
26 facility owners pursuant to [clause (5) of section 2] section
27 2(a)(5). Within the tolerance zone the excavator shall employ
28 prudent techniques, which may include hand-dug test holes, to
29 ascertain the precise position of such facilities. If
30 insufficient information to safely excavate is available

1 pursuant to [clause (5) of section 2] section 2(a)(5), the
2 excavator shall employ like prudent techniques which shall be
3 paid for by the project owner pursuant to clause (15) [of this
4 section].

5 (5) If the facility owner fails to respond to the
6 excavator's timely request as provided under [clause (5) of
7 section 2] section 2(a)(5) or the facility owner notifies the
8 excavator that the line cannot be marked within the time frame
9 and a mutually agreeable date for marking cannot be arrived at,
10 the excavator may proceed with excavation as scheduled, but not
11 earlier than the lawful dig date, provided he exercises due care
12 in his endeavors, subject to the limitations contained in this
13 clause and clauses (2.1) through (4) and (20).

14 (6) To inform each operator employed by the excavator at the
15 work site of such work of the information obtained by the
16 excavator pursuant to clauses (2.1) through (5), and the
17 excavator and operator shall:

18 (i) Plan the excavation or demolition work to avoid damage
19 to or minimize interference with a facility owner's facilities
20 in the construction area. Excavation or demolition work which
21 requires temporary or permanent interruption of a facility
22 owner's service shall be coordinated with the affected facility
23 owner in all cases.

24 (ii) After consulting with a facility owner, provide such
25 support and mechanical protection for known facility owner's
26 lines at the construction work site during the excavation or
27 demolition work, including during backfilling operations, as may
28 be reasonably necessary for the protection of such lines.

29 (7) To report immediately to the facility owner any break or
30 leak on its lines, or any dent, gouge, groove or other damage to

1 such lines or to their coating or cathodic protection, made or
2 discovered in the course of the excavation or demolition work.
3 The One Call System board of directors may adopt procedures to
4 permit reporting under this clause through the One Call System.

5 (8) To immediately notify 911 and the facility owner if the
6 damage results in the escape of any flammable, toxic or
7 corrosive gas or liquid which endangers life, health or
8 property. The excavator shall take reasonable measures, based on
9 its knowledge, training, resources, experience and understanding
10 of the situation, to protect themselves and those in immediate
11 danger, the general public, the property and the environment
12 until the facility owner or emergency responders have arrived
13 and completed their assessment and shall remain on the work site
14 to convey any pertinent information to responders that may help
15 them to safely mitigate the situation.

16 (9) The time requirements of clause (2.1) shall not apply to
17 a facility owner or excavator performing excavation or
18 demolition work in an emergency, as defined in section 1;
19 nonetheless, all facility owners shall be notified as soon as
20 possible before, during or after excavation or demolition work,
21 depending upon the circumstances.

22 (11) [An excavator shall] To use the color white to mark a
23 proposed excavation work site when exact work site information
24 cannot be provided.

25 (11.1) To assist a facility owner in determining involvement
26 of a facility owner's lines by disclosing additional available
27 information requested by the facility owner, including
28 dimensions and the direction of proposed excavations.

29 (11.2) If using horizontal directional drilling (HDD), at a
30 minimum, to utilize the best practices published by the HDD

1 Consortium.

2 (12) The following standards shall be applied in determining
3 whether an excavator shall incur any obligation or be subject to
4 liability as a result of an excavator's demolition work or
5 excavation work damaging a facility owner's facilities:

6 (i) The excavator who has complied with the terms of this
7 act and who was not otherwise negligent shall not be subject to
8 liability or incur any obligation to facility owners, operators,
9 project owners or other persons who sustain injury to person or
10 property as a result of the excavator's excavation or demolition
11 work damaging a facility owner's lines.

12 (ii) Where an excavator has failed to comply with the terms
13 of this act or was otherwise negligent, and the facility owner
14 or designer has misidentified, mislocated or failed to identify
15 its facilities pursuant to this act, then in computing the
16 amount of reimbursement to which the facility owner is entitled,
17 the cost of repairing or replacing its facilities shall be
18 diminished in the same proportion that the facility owner's or
19 designer's misidentification, mislocation or failure to identify
20 the facilities contributed to the damage. Should the facility
21 owner or designer not have misidentified, mislocated or failed
22 to identify its facilities pursuant to this act, there shall be
23 no diminution of the facility owner's right of recovery.

24 (13) If, after receiving information from the One Call
25 System or directly from a facility owner, the excavator decides
26 to change the location, scope or duration of a proposed
27 excavation, the obligations imposed by this section shall apply
28 to the new location.

29 (14) If an excavator removes its equipment and vacates a
30 [worksite] work site for more than two business days, [he shall]

1 to renotify the One Call System unless other arrangements have
2 been made directly with the facility owners involved in his
3 [worksite] work site.

4 (15) When the information required from the facility owner
5 under [clause (5)(i) of section 2] section 2(a)(5)(i) cannot be
6 provided or, due to the nature of the information received from
7 the facility owner, it is reasonably necessary for the excavator
8 to ascertain the precise location of any line or abandoned or
9 unclaimed lines by prudent techniques, which may include hand-
10 dug test holes, vacuum excavation or other similar devices, the
11 excavator shall promptly notify the project owner or the project
12 owner's representative, either orally or in writing. If oral
13 notification is given, the notice shall be reduced to writing
14 within a reasonable time by the project owner or excavator.
15 After giving such notice, the excavator shall be entitled to
16 compensation from the project owner for this additional work as
17 provided in the latest edition of the Pennsylvania Department of
18 Transportation Form 408 specifications for extra work performed
19 on a force account basis. The provisions of this subsection
20 shall not be deemed to limit any other rights which the
21 excavator has under its contract with the project owner or
22 otherwise. Provisions in any contract, public or private, which
23 attempt to limit the rights of excavators under this section
24 shall not be valid for any reason, and any attempted waiver of
25 this section shall be void and unenforceable as against public
26 policy and any such attempted waiver shall be reported to the
27 [department] commission.

28 (16) [To submit an incident report to the department not
29 more than ten business days after striking or otherwise damaging
30 a facility owner's line during excavation or demolition

1 activities that resulted in personal injury or property damage
2 to parties other than the affected excavator or facility owner.
3 In addition, the incident report may be furnished to the
4 Pennsylvania Public Utility Commission and the Pennsylvania
5 Emergency Management Agency pursuant to memoranda of
6 understanding negotiated between these agencies and the
7 department.] To submit a report of alleged violation to the
8 commission through the One Call System not more than ten
9 business days after striking or damaging a facility owner's line
10 during excavation or demolition or if the excavator believes a

12 excavation or demolition work. The report of alleged violation
13 shall be in a form and manner as required by the commission.

14 (17) To comply with all requests for information by the
15 [department] commission relating to the [department's]
16 commission's enforcement authority under this act within thirty
17 days of the receipt of the request.

19 facility owner, a municipality or a municipal authority,
20 delegate the power to discharge the duties set forth in clauses
21 (2.1) and (2.2) to its project owner, with the project owner's
22 consent. If the power is delegated pursuant to this clause, both
23 the excavator and the project owner shall be responsible for
24 providing the required notices.

25 (19) To ensure the accuracy of any information provided to
26 the One Call System pursuant to this section.

27 (20) To renotify the One Call System of an unmarked or
28 incorrectly marked facility, if an original, proper,
29 nonemergency locate request has been made to the One Call System
30 and, upon initial arrival at the proposed work site, it is

1 apparent to the excavator that there is an unmarked or
2 incorrectly marked facility. An excavator may not begin
3 excavating in the affected area of the work site until after
4 receiving sufficient information from the facility owner to
5 safely excavate. If the facility owner fails to provide
6 sufficient information to the excavator within three hours after
7 the excavator has notified the One Call System of the unmarked
8 or incorrectly marked facility, the excavator may proceed with
9 excavation subject to the limitations under clause (5).

10 (21) To make a locate request to the One Call System prior

1 prosecutor staff for the purpose of issuing a formal complaint.

2 (d) Except for alleged violations involving injury or death,
3 the provisions of subsection (c) may be applied in advance or
4 instead of filing a formal complaint against a person

8 commission unless the person rejects the informal determination.

9 (e) The committee shall have the following additional

28 (g) The commission shall have the following powers to carry
29 out the purposes of this act:

30 (1) To employ individuals.

1 (2) To issue orders.

2 (3) To promulgate regulations. If the commission promulgates
3 regulations that limit reporting to a specific type of incident,
4 including contact with a line, damage to a line or line coating,
5 personal injury, third-party damage and failure to comply with
6 this act, the commission may consider the resources available
7 for enforcement and other factors.

8 (4) For one year following the effective date of this
9 section, to promulgate temporary regulations. Regulations under
10 this clause shall:

11 (i) Expire no later than two years following the effective

30 § 510.

1 (2) Twenty percent of the program costs shall be assessed as
2 a fee upon the One Call System, with the fee to be paid to the
3 commission. The One Call System's board of directors shall
4 determine the manner in which the fee may be recovered from
5 facility owners, excavators, designers and other involved
6 persons, provided that the One Call System's board of directors'
7 manner of recovery may not include facility owners that are
8 public utilities.

9 Section 7.10. (a) The commission may issue a warning and
10 order requiring compliance with this act and may levy an

25 administrative penalty of not more than fifty thousand dollars
26 (\$50,000).

27 (2) The commission and committee shall consider the
28 following factors in determining the administrative penalty to
29 be assessed:

30 (i) The history of the party's compliance with this act

1 prior to the date of the violation.

2 (ii) The amount of injury or property damage caused by the
3 party's noncompliance.

4 (iii) The degree of threat to the public safety and

24 (f) No provision of this act shall be construed or

4 in violation of this act. Local law enforcement or emergency
5 management personnel may, in the interest of public safety,
6 order an excavator on a work site to stop further excavation if
7 the excavation is being conducted in violation of this act.

8 Section 6. Section 8 of the act is amended to read:

9 Section 8. The One Call System shall have the authority to
10 design, establish and administer a voluntary payment dispute
