
THE GENERAL ASSEMBLY OF PENNSYLVANIA

HOUSE BILL

No. 1132 Session of
2017

INTRODUCED BY KORTZ, MURT, McNEILL, O'BRIEN, BOBACK, READSHAW,
CALTAGIRONE, DEASY, THOMAS AND RADER, APRIL 10, 2017

REFERRED TO COMMITTEE ON HEALTH, APRIL 10, 2017

AN ACT

1 Providing for the collection and disposal of leftover and
2 expired medicines and for penalties.

3 The General Assembly of the Commonwealth of Pennsylvania
4 hereby enacts as follows:

5 Section 1. Short title.

6 This act shall be known and may be cited as the
7 Pharmaceutical Stewardship Act.

8 Section 2. Findings.

9 The General Assembly finds and declares that:

10 (1) Pennsylvania citizens benefit from the authorized
11 use of prescription and nonprescription medicines. The proper
12 use of medicines helps to cure, treat and prevent diseases
13 and to prolong life.

14 (2) Failure to properly dispose of leftover and expired
15 medicines can lead to the illegal possession and abuse of
16 medicines by children and others, possibly causing addiction,
17 poisonings, overdoses and other harmful health effects.

18 (3) Disposing of medicines by flushing them down the

1 toilet or placing them in the garbage can lead to the
2 contamination of groundwater and other bodies of water,
3 contributing to degradation of the environment and harm to
4 humans, animals and aquatic life.

5 (4) Pennsylvania residents need a safe method for
6 disposal of medicines through programs that provide
7 environmentally sound disposal of medicines with effective
8 controls against diversion.

9 (5) The costs of properly collecting and disposing of
10 leftover and expired medicines should be included in the
11 manufacturer's business costs and the manufacturers of the
12 medicines are best positioned to efficiently develop and
13 operate programs for the safe and convenient collection and
14 disposal of unused medicines.

15 Section 3. Definitions.

16 The following words and phrases when used in this act shall
17 have the meanings given to them in this section unless the
18 context clearly indicates otherwise:

19 "Controlled substance." A drug, substance or immediate
20 precursor included in Schedules I through V of the act of April
21 14, 1972 (P.L.233, No.64), known as The Controlled Substance,
22 Drug, Device and Cosmetic Act.

23 "Covered drug." As follows:

24 (1) A lawfully obtained prescription drug and
25 nonprescription drug. The term includes both brand name and
26 generic drugs permitted to be accepted in accordance with
27 Federal and State law.

28 (2) The term does not include:

29 (i) Herbal-based remedies and homeopathic drugs,
30 products or remedies.

1 (ii) Cosmetics, shampoos, sunscreens, toothpaste,
2 lip balm, antiperspirants or other personal care products
3 that are regulated as both cosmetics and proprietary
4 drugs under the Federal Food, Drug, and Cosmetic Act (52
5 Stat. 1040, 21 U.S.C. § 301 et seq.).

6 (iii) Drugs for which a manufacturer provides a
7 take-back program as part of the managed risk evaluation
8 and mitigation strategy under 21 U.S.C. § 355-1 (relating
9 to risk evaluation and mitigation strategies).

10 (iv) Drugs that are biological products as defined
11 in 21 CFR 600.3(h) (relating to definitions) and that
12 exist on the effective date of this section if the
13 manufacturer already provides a take-back program for the
14 drugs.

15 (v) Pet pesticides contained in pet collars, powders
16 or shampoos.

17 "Department." The Department of Health of the Commonwealth.

18 "Drug." Any of the following:

19 (1) Substances recognized in the official United States
20 Pharmacopeia, or official National Formulary, or any
21 supplement to either publication.

22 (2) Substances intended for use in the diagnosis, cure,
23 mitigation, treatment or prevention of disease in humans or
24 animals.

25 (3) Substances, other than food, intended to affect the
26 structure or any function of the human body or animal body.

27 (4) Substances intended for use as a component of any
28 article specified under paragraphs (1), (2) and (3).

29 "Generic drug." A drug that is chemically identical or
30 bioequivalent to a brand name drug in dosage form, safety,

1 strength, route of administration, quality, performance
2 characteristics and intended use, though inactive ingredients
3 may vary.

4 "Mail-back program." A system whereby residential sources of
5 unwanted covered drugs obtain prepaid and preaddressed mailing
6 envelopes for shipment to an entity that will dispose of them
7 safely and legally.

8 "Manufacture." As follows:

9 (1) Any of the following:

10 (i) The production, preparation, propagation,
11 compounding, conversion or processing of a drug or
12 controlled substance.

13 (ii) The packaging or repackaging of a substance
14 under subparagraph (i).

15 (iii) The labeling or relabeling of the commercial
16 container of a substance under subparagraph (i).

17 (2) The term does not include the activities of a
18 practitioner who, as an incident to administration or
19 dispensing the substance in the course of professional
20 practice, prepares, compounds, packages or labels the
21 substance.

22 "Manufacturer." A person lawfully authorized to manufacture
23 a drug or controlled substance.

24 "Nonproprietary drug." A drug or controlled substance
25 required by any applicable Federal or State law to be dispensed
26 only by prescription.

27 "Pharmaceutical stewardship program." A program operated by
28 a manufacturer, group of manufacturers or an association for the
29 collection, transportation and disposal of unwanted covered
30 drugs from residential sources that is financed by the

1 manufacturers of those products.

2 "Proprietary drug." Nonprescription, nonnarcotic medicines
3 or drugs which may be sold without a prescription and which are
4 prepackaged for use by the consumer and labeled in accordance
5 with Federal and State requirements.

6 "Residential sources." As follows:

7 (1) Single and multiple-family residences and locations
8 where household drugs are unused, unwanted, disposed or
9 abandoned.

10 (2) The term does not include drugs from hospitals,
11 clinics, pharmacies, airport security, drug seizures by law
12 enforcement, businesses or other nonresidential or business
13 sources.

14 "Ultimate user." A person who lawfully possesses a drug or
15 controlled substance for personal use or for the use of a member
16 of the person's household or for administering to an animal in
17 the person's care.

18 "Unwanted covered drug." Any covered drug no longer wanted
19 by its ultimate user or that has been abandoned, discarded or is
20 intended to be discarded by its ultimate user.

21 Section 4. Pharmaceutical stewardship program.

22 (a) Participation required.--Beginning January 1, 2018, any
23 manufacturer offering a covered drug for sale in this
24 Commonwealth must operate or participate in an approved
25 pharmaceutical stewardship program prior to offering covered
26 drugs for sale in this Commonwealth.

27 (b) Submittal.--After January 1, 2018, any manufacturer who
28 intends to offer covered drugs for sale in this Commonwealth
29 must have received an approval to operate a pharmaceutical
30 stewardship program plan from the department or provide evidence

1 of having joined an existing pharmaceutical stewardship program
2 to the department at least 45 days prior to the manufacturer's
3 initial offer of sale of covered drugs.

4 (c) Program requirements.--A pharmaceutical stewardship
5 program plan must meet or include all of the following:

6 (1) Implementation of the pharmaceutical stewardship
7 program without charging a line item fee for the cost of the
8 program visible to the consumer at the time of sale of the
9 covered drugs or at the time the unwanted covered drugs are
10 delivered or collected for disposal from residential sources.

11 (2) A description of a proposed collection system which
12 shall include all of the following:

13 (i) (A) Except as provided under clause (B), at
14 least one collection site in each county. At least
15 one of the collection sites in each county shall have
16 Federal authorization to collect lawfully obtained
17 controlled substances.

18 (B) Counties with the following populations
19 based on the most recent Federal decennial census
20 shall have collection sites as follows:

21 (I) A county with a population of 100,001 to
22 300,000 shall have at least two collection sites.

23 (II) A county with a population of 300,001
24 to 1,000,000 shall have at least three collection
25 sites.

26 (III) A county with a population in excess
27 of 1,000,000 shall have at least four collection
28 sites.

29 (C) Except for a county of the first class, a
30 collection site under this subparagraph may not be

1 established in the same municipality as a collection
2 site under subparagraph (ii).

3 (ii) At least one collection site in every
4 municipality with a population over 50,000 in the most
5 recent Federal decennial census. Collection sites
6 established under subparagraph (i) may not be used to
7 meet the requirements under this subparagraph.

8 (iii) A mail-back program for unwanted covered
9 drugs. Envelopes for the program must be made available
10 at each collection site and to any pharmacy in the county
11 interested in providing envelopes to its customers.

12 (3) A handling and disposal system, including:

13 (i) Identification of and contact information for
14 disposal facilities and other entities to be used by the
15 program to collect and destroy the unwanted covered
16 drugs.

17 (ii) The policies and procedures to be followed by
18 persons handling and transporting unwanted covered drugs
19 collected under the pharmaceutical stewardship program.

20 (iii) A description of how the collected unwanted
21 covered drugs are tracked through to final disposal and
22 how safety and security is maintained.

23 (iv) Final disposal or reuse technologies that
24 provide superior environmental and human health
25 protection compared with current disposal technologies
26 for unwanted covered drugs, if approved by the department
27 upon petition. The department may not approve the use of
28 an alternative proposed technology unless the petitioners
29 have presented clear and convincing evidence that the
30 technology's performance under field conditions provides

1 equivalent protection in each and superior protection in
2 one or more of the following areas:

3 (A) Monitoring emissions or waste.

4 (B) Worker health and safety.

5 (C) Air, water or land emissions contributing to
6 persistent, bioaccumulative and toxic pollution.

7 (D) Overall impact to the environment and human
8 health.

9 (v) Separation of unwanted covered drugs from their
10 original containers, if appropriate, prior to disposal.

11 (4) A list of all entities participating in the
12 collection, handling and disposal proposed in the
13 pharmaceutical stewardship program and the entities' contact
14 information.

15 (5) Certification that the pharmaceutical stewardship
16 program will accept all unwanted covered drugs, including
17 unwanted covered drugs from other manufacturers.

18 (6) An education and outreach program that shall
19 include:

20 (i) A toll-free telephone number and publicly
21 accessible Internet website which shall provide
22 information on the pharmaceutical stewardship program,
23 include a list of all collections sites and allow a
24 person to request that a mail-back program envelope be
25 mailed to the person.

26 (ii) Printed brochures and posters describing where
27 and how to return unwanted covered drugs provided at no
28 cost to pharmacies, health care facilities and other
29 interested parties.

30 (7) Performance goals, including recovery goals

1 expressed as pounds of unwanted covered drugs disposed of per
2 capita and an explanation of how the recovery goals have been
3 set to recover a significant percentage of unwanted covered
4 drugs relative to the quantity of unwanted covered drugs that
5 may be available for disposal.

6 (8) Operation of the pharmaceutical stewardship program
7 in accordance with this act and other applicable Federal and
8 State laws.

9 (9) A specific date for implementation.

10 (d) Secure and Responsible Drug Disposal Act of 2010.--
11 Within 180 days after promulgation of Federal regulations
12 authorized under the Secure and Responsible Drug Disposal Act of
13 2010 (P.L. 111-273), each pharmaceutical stewardship program
14 shall submit an updated plan reflecting any necessary changes
15 required by the Federal regulations.

16 Section 5. Department review and approval.

17 (a) Approval required.--No manufacturer or other entity may
18 collect unwanted covered drugs until it has received written
19 approval or renewal of its pharmaceutical stewardship program
20 plan from the department.

21 (b) Compliance with act.--

22 (1) Within 90 days after receipt of a pharmaceutical
23 stewardship program plan, the department shall determine
24 whether the plan complies with this act.

25 (2) If the department determines that the plan complies
26 with this act, the department shall provide written
27 notification of the determination to the applicant of the
28 plan.

29 (3) If the department determines that the plan does not
30 comply with this act, the department shall provide written

1 notification of the determination and rejection of the plan,
2 which shall include the reasons for the rejection, to the
3 applicant of the plan.

4 (c) Review.--

5 (1) A manufacturer or other entity operating a
6 pharmaceutical stewardship program shall conduct an internal
7 evaluation of its program which shall be submitted to the
8 department as follows:

9 (i) Two years after implementation of the plan.

10 (ii) Five years after implementation of the plan,
11 and every five years thereafter.

12 (2) The department shall review the internal evaluations
13 submitted under this subsection and shall grant or deny
14 approval for the continued operation of the program in
15 accordance with the procedures under subsection (b).

16 (d) Substantive changes.--Any substantive changes to a
17 pharmaceutical stewardship program plan must be approved by the
18 department in writing.

19 Section 6. Report.

20 On or before April 1, 2018, and each April thereafter, a
21 pharmaceutical stewardship program under section 4 must prepare
22 and submit an annual report describing the program's activities
23 during the previous calendar year to the department. The report
24 must include all of the following:

25 (1) A list of manufacturers participating in the
26 pharmaceutical stewardship program.

27 (2) The amount, by weight, of unwanted covered drugs
28 collected at each site and the total amount by weight
29 collected by a mail-back program.

30 (3) A list of the collection sites provided in each

1 county, including the location of each collection site and
2 locations where envelopes for a mail-back program are
3 provided.

4 (4) The name and location of disposal facilities at
5 which unwanted covered drugs were disposed of and the weight
6 of unwanted covered drugs disposed of at each facility.

7 (5) If packaging was separated from the unwanted covered
8 drugs prior to disposal, the amount and percentage of
9 packaging recycled and the name and location of the material
10 recovery facility to which it was delivered.

11 (6) Whether policies and procedures for collecting,
12 transporting and disposing of unwanted covered drugs, as
13 established in the pharmaceutical stewardship program plan,
14 were followed during the reporting period and a description
15 of any noncompliance.

16 (7) Whether any safety or security problems occurred
17 during collection, transportation or disposal of unwanted
18 covered drugs during the reporting period and, if so, what
19 changes have or will be made to policies, procedures or
20 tracking mechanisms to alleviate the problem and to improve
21 safety and security.

22 (8) A description of public education and outreach
23 activities implemented during the reporting period, including
24 the methodology used to evaluate the outreach and program
25 activities.

26 (9) Any other information that the agency may reasonably
27 require.

28 Section 7. Enforcement.

29 (a) Penalty for nonimplementation.--If an approved
30 pharmaceutical stewardship program plan is not fully implemented

1 as follows, the department shall assess the following penalties
2 for each calendar day along with written notification to each
3 manufacturer associated with the pharmaceutical stewardship
4 program plan:

5 (1) If full implementation has not occurred within 30
6 days of the start date contained in the pharmaceutical
7 stewardship program plan, the department shall assess a
8 penalty of \$5,000 against the manufacturer or entity that
9 developed the pharmaceutical stewardship program under
10 section 4.

11 (2) If full implementation has not occurred within 60
12 days of the start date contained in the pharmaceutical
13 stewardship program plan, the department shall assess a
14 penalty of \$10,000 against the manufacturer or entity that
15 developed the pharmaceutical stewardship program under
16 section 4.

17 (b) Penalty for noncompliance with plan.--If the department
18 determines that a pharmaceutical stewardship program does not
19 comply with its approved plan, the department shall notify in
20 writing each manufacturer in the pharmaceutical stewardship
21 program of the violation and allow the manufacturer or entity
22 operating the pharmaceutical stewardship program 30 days to
23 correct the noncompliance. After 30 days, the manufacturer or
24 entity operating the pharmaceutical stewardship program under
25 section 4 shall be assessed a penalty of \$5,000 for the first
26 violation and \$10,000 for each subsequent violation. Subsequent
27 violations shall occur after each 10 days of noncompliance under
28 this subsection.

29 (c) Penalty for nonparticipation.--

30 (1) Upon first determining that a manufacturer is

1 offering a covered drug for sale in this Commonwealth but is
2 not participating in a pharmaceutical stewardship program
3 approved by the agency, the department shall send the
4 manufacturer a written warning that the manufacturer is in
5 violation of this act.

6 (2) A manufacturer not participating in a pharmaceutical
7 stewardship program approved by the department whose covered
8 drug continues to be sold in this Commonwealth 60 days after
9 receiving a written warning from the department shall be
10 assessed a penalty of \$10,000 for each calendar day that the
11 violation continues.

12 Section 8. Effective date.

13 This act shall take effect in 90 days.
