17 Section 3. Vaccination schedule for pediatric and adult
18 patients.

19 (a) Pediatric patients.--

20 (1) A health care practitioner may not cease to provide
21 pediatric care to a patient when the parent or legal guardian
22 of a patient chooses to utilize a vaccination schedule that
23 varies from the vaccination schedule recommended by the

2 (3) A health care practitioner may establish a secure
3 waiting room in a health care facility for patients who
4 utilize a vaccination schedule that varies from the
5 vaccination schedule recommended by the Centers for Disease
6 Control and Prevention. Nothing in this paragraph shall be
7 construed to authorize a health care practitioner to limit
8 the hours when patients receiving a pediatric care can
9 schedule their appointments with the health care practitioner
10 in a manner to restrict the ability of the patients to have
11 their health care needs met.

12 (4) Upon agreeing on a vaccination schedule with the
13 parent or legal guardian of a patient receiving pediatric
14 care, a health care practitioner may issue a standing order
15 to a designee of the health care practitioner to ensure that
16 the patient utilizes the vaccination schedule. A standing
17 order under the paragraph may not prohibit the compensation
18 or reimbursement of a health care practitioner for other
19 services rendered by a health care practitioner.

20 (b) Adult patients.--A health care practitioner may not
21 cease to provide health care services to a patient who is 18

25 vaccinations.

26 (a) Insurers.--An insurer may not refuse to provide coverage
27 under a health care policy or compensate or reimburse a health
28 care practitioner operating within the scope of his or her
29 practice for a vaccination administered on a schedule that
30 varies from the vaccination schedule recommended by the Centers

1 for Disease Control and Prevention.

2 (b) Financial incentives.--Except for compensating or
3 reimbursing a health care practitioner for the cost of a
4 vaccination and the administration of a vaccination, an insurer
5 may not provide financial incentives to a health care
6 practitioner to provide vaccinations.

7 Section 5. Penalties.

8 A health care practitioner who violates section 3 shall be
9 subject to administrative penalties imposed before the health
10 care practitioner's Commonwealth licensing agency or board for
